ABOUT MISSOURI BAPTIST UNIVERSITY

Missouri Baptist University is an evangelical Christian, liberal arts University and has as its purpose the offering of programs of study leading to professional certificates, undergraduate degrees, and graduate degrees in an environment where academic excellence is emphasized and a biblically based Christian perspective is maintained. The University is committed to enriching its students' lives spiritually, intellectually, and professionally, and to providing educational services to the community.

The University seeks to prepare students who are motivated by ideals of service for effective performance in careers which are appropriate to the Christian commitment of the University. The University is open to all qualified students, regardless of race, gender, national origin, religion, age, or qualified disability.

Missouri Baptist University is an equal opportunity employer.

PROCEDURE FOR UNDERGRADUATE ADMISSION

An applicant must file the following documents with the Director of Admissions:

- 1) Completed application for admission.
- 2) \$30.00 application fee.
- 3) Official high school transcript with seal and/or GED scores for first time University students; transfer students must also provide transcripts from each institution attended before being admitted. The Admissions Office will allow sixth and seventh semester high school transcripts to be received for admission pending receipt of a complete high school transcript. Students without a high school diploma or GED (i.e., home study) must take the University assessment tests.
- 4) American University Testing Program (ACT) and/or Scholastic Aptitude Test (SAT) examination scores.
- 5) A letter of recommendation.

The above procedures are in compliance with the requirements for admission as published in the 2006-2008 catalog.

PROCEDURE FOR GRADUATE ADMISSION:

- 1) Completed application for Graduate Admission.
- 2) \$30.00 application fee
- 3) Official transcripts mailed directly from all regionally accredited colleges, universities, and post-secondary institutions. MBU Alumni do not need to resubmit transcripts, unless attendance at another college or university occurred between graduation from MBU and application to the Graduate Program.
- 4) An academic reference.
- 5) A statement of professional experiences and goals.
- 6) Students applying for the Counselor Certification track or Cross Categorical Special Education track must provide evidence of state teacher certification.

† SENIOR PERMISSION STUDENTS

Seniors at the undergraduate level may be eligible to receive graduate credit during their senior year. The following guidelines apply to Senior Permission students:

- 1) Senior-level students with a 3.0 GPA may request permission to take up to 12 hours (a maximum of 6 per semester) of approved graduate credits.
- 2) Seniors will register for dually-listed graduate courses as

undergraduates (will register as 400-level courses) and will be charged undergraduate tuition and fees.

- 3) Seniors must complete the Senior Permission Application form and submit it to the Graduate Office with the appropriate signatures at the time of registration.
- 4) At the end of each semester faculty members will notify the Graduate Office of those students who have completed graduate-level requirements. The Dean of Graduate Studies will approve those students, and the undergraduate credit will be changed to graduate credit at that time.

REGISTRATION & PAYMENT OF ACCOUNTS

The student must schedule an appointment with his or her academic advisor, who is assigned by the Director of Advising on the basis of the student's major field of study, in order to register. A print out of the student's schedule signed by both the student and the advisor must be filed with the Records Office. All registrations will be unofficial until cleared by Admissions, Financial Aid, and the Business Office. Spring registrations not authorized as official by the end of pre-registration, may be purged. Students whose registrations have been purged may re-enroll during regular registration but are subject to losing their position in a course if there is a waiting list.

All returning students are encouraged to take advantage of the pre-registration period in order to ensure the best course selection. Students who register for classes after regular registration may be charged a fee of \$20 for late registration.

Registration is not complete until the student has made satisfactory financial arrangements and has cleared the business office. All accounts are due and payable prior to the first day of classes each semester. All institutional and external aid applications must be completed and submitted to the Financial Aid Office at least ten working days prior to the first day of classes. Should arrangements for a deferred payment plan appear necessary, a promissory note should then be signed with the Business Office in order to finalize official registration. The University also honors Master Card, VISA and Discover credit cards. Unofficial registrations may be purged if satisfactory financial arrangements have not been completed.

Students whose accounts are delinquent will not be permitted to register for a succeeding semester or term. In addition, transcripts will not be issued, and the student will not be permitted to graduate. Delinquent accounts are charged interest, collection fees and court costs, and will be reported to a national credit bureau.

APPLYING FOR FINANCIAL AID

In order to take advantage of the financial aid packages available, a student MUST: be admitted to the University as a degree-seeking student; file an Institutional Aid Application; and submit a valid Free Application for Federal Student Aid (or results, which are Student Aid Reports.) Once eligibility and award amounts are determined, an Award Letter will be sent detailing the student's financial aid package.

NOTE: FINANCIAL AID FILES MUST BE COMPLETE BY FEBRUARY 1, 2008 TO RECEIVE ANY FINANCIAL ASSISTANCE.

CHAPEL ATTENDANCE

Chapel and convocation programs are planned to provide the students, faculty, staff, and administration with a period devoted to spiritual and cultural enrichment. These programs convene from 11:00 to 11:45 on the first Tuesday of the month and every Thursday. All campus offices, the library, bookstore, and student lounge are closed during this time. Because chapel is an integral part of the student's overall edu-

ational experience, all students enrolled for 9 credit hours or more are expected to attend all chapel and convocation programs. For a detailed description of the attendance policy, see the 2006-2008 Catalog.

NUMBERING OF COURSES

1) Courses numbered 100-299 are lower division courses designed for freshmen and sophomores. Those numbered 300-499 are upper division courses designed for juniors and seniors. Those numbered 500 are for Masters level credit, and those numbered 600 are for Educational Specialist credit. The third digit in the course number indicates the number of semester hours of credit the course carries, so that ACCT 213 is a three-hour course, KHSC 272 is a two-hour course, etc.

SPECIAL NUMBERING

- 2) A course number such as MUAP 111/311 indicates a course that may be taken for multiple semesters of credit. Private Piano for the first 4 semesters of credit would use the course number MUAP 111 and upon successful completion of the Sophomore Proficiency the student would receive upper division credit for Private Piano using the course number MUAP 311 for the final 4 semesters of credit.
- 3) A Course number such as MURA 110-420 indicates a course which carries no credit per semester toward the degree, but is required for the major or program.
- 4) A course number such as KATH 271/371 indicates a course which may be taken twice for credit: the first semester for lower division credit and the second semester

for upper division credit. BIOL 224/324 indicates a course which may be taken once for either lower or upper division credit.

- 5) A course number such as COMP 483 A-D indicates a course which may be taken for credit up to four semesters. A course number such as HIRE 323A or HIRE323B indicates separate but related courses.
- 6) Courses with prefixes such as EDPS or HIRE are courses with listings in two or more disciplines, such as Education/Psychology or History/Religion. The course will be listed under both disciplines in the catalog as well as in the Course Schedule.
- 7) Courses cross-listed at the 400- and 500-levels may be taken for either undergraduate or graduate credit. Selected courses are available to undergraduate students for graduate credit with Senior Permission (see page 2). Students must complete all graduate course requirements to earn graduate credit.

WAITING LIST

If a course is full students may wish to have their names placed on the waiting list by their advisor. In this event students must also complete a Schedule Adjustment Form with their advisor and file it in the Records Office. If a student decides against taking the course he/she must contact the Records Office and ask to be removed from the waiting list. Failure to do so may result in the student being enrolled in, and billed for, the course.

DROPPING OR ADDING A COURSE

Any student who finds it necessary to add or drop a class must complete the appropriate form available in the Records Office. The student should consult the University calendar for deadline dates. A schedule adjustment fee of \$20 per adjustment will be charged for any changes made after regular registration. If a student stops attending a course but fails to complete the proper forms, the final grade will be recorded as XF (unofficial withdrawal/failing). All Main Campus day courses are designated as DMA*, DMA1, DMA2. All Main Campus evening/weekend courses are designated as EMA*, EMA1 or EMA2.

WITHDRAWAL POLICY

If a student finds it necessary to withdraw from the University, an official withdrawal form, which can be secured from the Director of Retention, must be completed and filed with the Director of Records. Otherwise, the final grade(s) will be recorded as XF (unofficial withdrawal/failing). The student should consult the University calendar for all deadline dates. Accounts become due and payable immediately upon withdrawal.

Tuition refunds in case of withdrawal from the University are pro-rated from the date withdrawal is approved by the Records Office as listed on page 5.

Room deposits and all other fees are non-refundable in the case of withdrawal from the University. If a resident student voluntarily moves out of the residence halls during the contract period, room and board will be refunded in a similar manner as tuition. Vacate forms must be approved by the Director of Residence Halls and the Dean of Students before any refund is made.

ABOUT MAY AND SUMMER TERMS

May Term is an intensive, three-week session designed to allow the student to earn credit in a specialized area of study which may not regularly appear on the university schedule.

There are separate day and evening summer sessions offering concentrated study in various subjects. Day classes meet in two five-week terms following May Term. Evening classes meet in two eight-week terms beginning the same week as May Term.

UNDERGRADUATE STUDENT COURSE LOAD

Students carrying less than 12 credit hours of course work during a fall or spring semester are considered part-time. Normal course load for a full-time student is between 12 and 18 credit hours. Students on academic probation are limited to a 12 hour load. The course load for students involved in 8-week evening courses is 9 hours per session, not to exceed 18 hours per semester equivalent (i.e. Fall I, Fall II, Spring I, Spring II, etc.).

A student with either a cumulative GPA of 3.0, or a GPA of 3.0 for the previous semester, may enroll for 1 additional course over the 18-hour limit, not to exceed a total of 21 credit hours, with the written permission of the student's academic advisor and the academic dean. An additional tuition charge per credit hour will be assessed for the overload.

For graduate students, 6-12 credit hours is considered a full-time load. A load of more than 12 hours requires the prior written approval of the Dean of Graduate Studies.

SUMMER STUDENT COURSE LOAD

During May Term, three hours or one course is considered a normal load. For each day (five-week) summer term, six hours or two courses is the recommended load. For each evening (eight-week) term, nine hours or three courses is the recommended load.

Scheduling of more than the recommended number of hours requires the written approval of the student's advisor and the academic dean. In addition, the student must have a cumulative grade point average of 3.0, or a grade point average of 3.0 for the previous semester of full-time work. Total credit hours taken in a combination of day and evening summer sessions running concurrently may not exceed nine. Total credit hours taken on overload for a full summer session -- May Term, Summer Term I, and Summer Term II (day and /or evening --may not exceed twenty-one.

THE UNIVERSITY RESERVES THE RIGHT TO CANCEL ANY COURSE FOR WHICH THERE IS INSUFFICIENT ENROLLMENT.
